

LED HIGH OUTPUT MAGNETIC STRIP RETROFIT

LED Lites USA's LED High Output Magnetic Strip Retrofits (HMSR) that features finned aluminum heat sink housing with sliding adjustable magnets on each strip make an easy and fast retrofit to LED lighting in any luminaire, such as troffers, freezer doors, display cases and indirect lighting. With clear or diffuse shatterproof, full plastic lens, and dimmable 2, 3, or 4-strip drivers, these kits from LED Lites USA are the simplest and most cost-effective method for switching from older power-intensive, high-maintenance lighting to state-of-the-art LEDs that dramatically lower power and maintenance costs. Rebates for installing LED lighting are available. Custom fixtures for your particular application are our specialty. Contact sales@ledlitesusa.com.
